

# 1.1 HOW CAN I NURTURE MY CHILD'S TALENTS?

Watch the video and use this outline to write down your response and learning points.

What is talent?

THERE ARE DIFFERENT ASPECTS THAT MAKE OUR CHILDREN SPECIAL. GOD HAS MADE THEM WHO THEY ARE, AND WE NEED TO AFFIRM THAT.

What parents can do to nurture talent

- Give them space to grow
- Watch them grow
- Avoid imposing our weaknesses and limitations on them

How much of a say should parents have in our children's choice of pursuit?

*Let's Pray*

Lord, I thank You for my child. You have made him special with his own gifts and talents. Help my child to discover his talents, and use me to encourage, nurture, and provide for him, that my child might use these talents for Your glory.

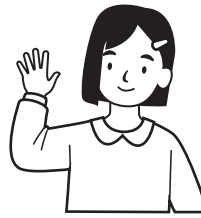

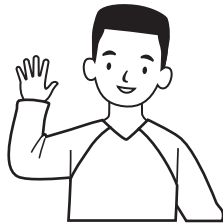

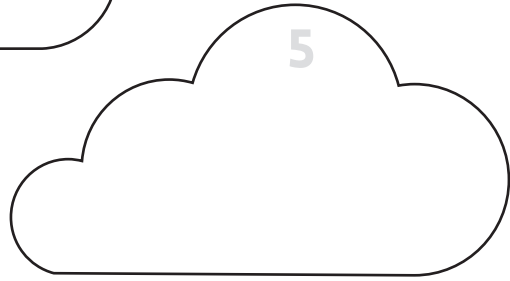

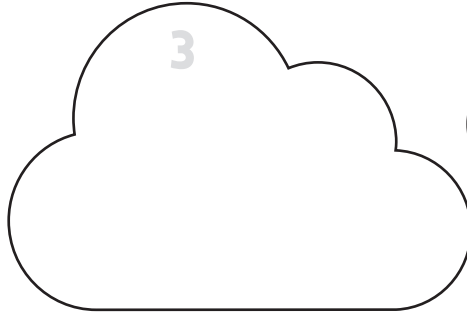

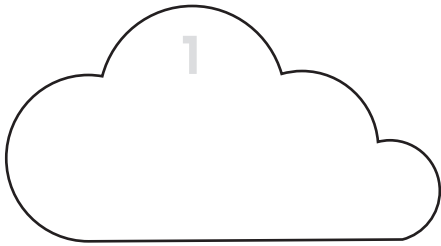

# 1.2 IDENTIFYING YOUR CHILD'S TALENTS

Jot down five talents that you see in your child.

For each talent, describe how your child displays that talent. It could be a regular behaviour you have observed, or a specific incident in which he showed his talent. Then write down how you can help your child to develop that talent.
